Report of Independent Accountants

To the Board of Directors
Community Foundation of Greater New Britain

We have audited the accompanying combined statements of financial position of the Community Foundation of Greater New Britain and affiliates as of December 31, 2006 and 2005, and the related combined statements of activities and cash flows for the years then ended. These combined financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of the Community Foundation of Greater New Britain and affiliates as of December 31, 2006 and 2005, and the changes in their net assets and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

COMMUNITY FOUNDATION OF GREATER NEW BRITAIN AND AFFILIATES

NOTES TO COMBINED FINANCIAL STATEMENTS

Note 1 - Summary of Significant Accounting Policies:

Organization - The Community Foundation of Greater New Britain (the Foundation) is a community foundation serving Berlin, New Britain, Plainville and Southington, Connecticut. The Foundation's mission is to improve the quality of life in the communities it serves by addressing community needs with strategic grant-making, initiatives and partnerships, developing and managing permanent endowments and gifts and promoting informed philanthropy by providing donors convenient, cost-effective ways to improve their communities.

Combined Financial Statements - The combined financial statements of the Foundation include the Community Foundation of Greater New Britain Trust (the Trust), a community foundation in trust form, and its affiliates, the Community Foundation of Greater New Britain, Inc. (the Corporation), a nonstock corporation that is a component fund of the Trust, and the Alix W. Stanley Charitable Foundation, Inc. (AW Stanley), which is also a component fund of the Trust. All significant interorganization transactions and accounts have been eliminated.

Basis of Accounting and Presentation - The Foundation prepares its combined financial statements in accordance with accounting principles generally accepted in the United States of America. Accordingly, the accounts of the Foundation are reported in the following categories:

Unrestricted Net Assets - These net assets are defined as assets that are free of donor-imposed restrictions and include all investment income and appreciation not subject to donor-imposed restrictions. Accounting principles generally accepted in the United States of America provide that if the governing body of an organization has the unilateral power to redirect the use of a donor's contribution to another beneficiary, such contributions must be classified as unrestricted net assets. The Board of Directors of the Foundation has that ability, known as variance power. Accordingly, the Foundation's combined financial statements classify substantially all funds, including the corpus of endowment funds, as unrestricted net assets.

Temporarily Restricted Net Assets - These net assets include contributions, unconditional promises to give and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that either expire by the passage of time or can be fulfilled and removed by actions of the Foundation. This classification includes investment income and appreciation, which can be expended but for which restrictions have not yet been met. Included in the temporarily restricted net assets are split-interest agreements, as discussed below.

Permanently Restricted Net Assets - These net assets include the historic dollar value (fair market value at time of the gift) of contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of the Foundation. The Foundation does not have any permanently restricted net assets as of December 31, 2006 and 2005.

Agency Endowments - The Foundation accepts contributions from donors and agrees to transfer those assets, the return on investments on those assets, or both, to another entity on the donors' behalf. Accounting standards require that if an independent nonprofit organization establishes a component fund at a community foundation with its own resources and specifies itself or its affiliate as the beneficiary of those resources, the community foundation must record the transfer of such assets as a liability. The Foundation refers to such funds as agency endowments. The Foundation maintains variance power and legal ownership of these endowment funds managed for others and, as such, reports the funds as assets of the Foundation.

The following summarizes activity in such funds during the years ended December 31, 2006 and 2005:

Agency endowments at January 1, 2005	\$ 16,970
Gifts	1,550
Investment income and net investment returns	1,274
Grants awarded	(669)
Investment management and administrative fees	<u>(196)</u>
Agency endowments at December 31, 2005	18,929
Investment income and net investment returns	2,221
Investment management and administrative fees	<u>(146)</u>
 Agency Endowments at December 31, 2006	 <u>\$ 21,004</u>

Use of Estimates - The Foundation uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts and disclosures in the combined financial statements. Actual results may differ from those estimates.

Cash and Cash Equivalents - Cash and cash equivalents include cash and all highly liquid instruments with a maturity of three months or less, excluding money market funds held by brokers. The Foundation's deposits in financial institutions may, at times, exceed federal depository insurance limits. Management believes that the Foundation's deposits are not subject to significant credit risk.

Property and Equipment - Property and equipment acquisitions and improvements thereon that exceed \$500 are capitalized at cost, or if donated, at the approximate fair value at the date of donation. Depreciation is computed on a straight-line basis over the estimated useful lives of the respective assets ranging from 3 to 30 years. Repairs and maintenance are charged to expense as incurred.

Donated Assets - Donated marketable securities and other assets are recorded as contributions at their estimated fair values as of the date of donation.

Investments - Investments in marketable debt securities, equity securities, money market funds and mutual funds with readily determinable fair values are stated at fair value in the combined statements of financial position. Realized and unrealized gains and losses are included in the change in net assets in the accompanying combined statements of activities. Investment income and gains restricted by donors are reported as increases in unrestricted net assets if the restrictions are met in the reporting period in which the income and gains are recognized.

Investment Pools - The Foundation maintains master investment accounts for endowments. Realized and unrealized gains and losses from securities in the master investment accounts are allocated to the individual endowments based on the relationship of the market value of each endowment to the total market value of the master investment accounts, as adjusted for additions to or withdrawals from those accounts.

Split-Interest Agreements - Split-interest agreements consist of assets donated for the benefit of the Foundation and other beneficiaries. Revocable split-interest agreements are not recorded as contributions unless enforceable by law. Irrevocable split-interest agreements are recorded as contributions at fair value when the assets are received or when the Foundation is notified of the existence of the agreement. The accounting treatment varies depending upon the type of the agreement created and whether the Foundation or a third party is the trustee. See Note 3 for a further discussion of split-interest agreements.

Scholarships - Scholarship awards are recorded as paid, rather than as awarded. Multi-year scholarship awards are considered conditional grants payable. The combined financial statements do not reflect the amount of scholarships payable due to their nature, contingency and inability to determine the reasonableness that conditions will be met in the future. The unrecorded scholarships payable are not material to the combined financial statements.

Deferred Revenue - Deferred revenue consists of the discount for future interest of assets placed in trust in the pooled income fund for the benefit of the Foundation. The discount is recognized over a period equivalent to the donor's life interest.

Spending Policy - The Foundation adopted a spending policy based upon the total return concept, which emphasizes total investment return, consisting of investment income and realized and unrealized gains and losses. Under this spending policy, a distribution of investment return is independent of the cash yield and appreciation of investments in that year. This spending formula is designed specifically to stabilize annual spending levels and to preserve the real value of the fund portfolio over time. The Foundation's spending policy is currently set at 5.5% of the previous 20 quarters' average market values, subject to a floor and ceiling based on the end of year market value. The amount available for spending was \$1,481,806 and \$1,494,601 for the years ended December 31, 2006 and 2005, respectively. These amounts are available for grant making and administrative fees to support the operation of the Foundation for that respective year.

Gifts and Contributions - Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, either when a time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the combined statements of activities as net assets released from restrictions.

Income Taxes - The Trust, the Corporation and AW Stanley are exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. Income from certain activities not directly related to the Foundation's tax-exempt purpose is subject to taxation as unrelated business income. The Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).
